**Subject:** Gold King Mine Release Incident - Notice of Change in Incident Command

All,

Please be advised of the following change of command occurring today for the Gold King Mine Release Incident. Starting today Michael Barry will replace me as Incident Commander on the Incident. Mike has been in transition with me this week and has been briefed on the incident priorities and objectives. I remain available to Mike should he require any information from my tenure as Incident Commander. Mike may be reached via email or by cell phone at 617-918-1344.

Please be advised that Mike may be unavailable for a short period this afternoon as he travels back from a visit at the Gold King Mine. Should any issues arise please contact Joe Davis at 816-718-4279.

Thank you.
